Professor Atsushi SATO

Nagoya Institute of Technology

E-mail: sato.atsushi@nitech.ac.jp

9. Others:

This recruitment primarily emphasizes the importance of achievements in peer-reviewed papers during the selection process. However, we will also consider patents, innovative architectural works, and other significant accomplishments such as awards and invited lectures. If the research achievements are found to be insufficient based on the selection results, a tenure-track contract may be offered. However, candidates may transition to a permanent academic position after completing the tenure review.

Notes

1) Application materials in English or in Japanese are acceptable.

2) Submission by e-mail

The subject of the email should be "Job Application for A Faculty Position."

When attaching application materials, please convert the application material into a PDF format and set up a password. Please make sure that the password will be sent separately from the email with the PDF file. If applicants do not receive any receipt notification from the Nagoya Institute of Technology, please contact the person in charge written above.

3) NITech promotes diversity, including gender equality, in its effort to enhance the university environment for education, research and employment. In the faculty recruitment selection, priority will be given to female and foreign candidates if their overall performance (research achievements, education performance, social contribution, etc.) and personal evaluation are recognized as equivalent to those of other candidates.

4) The personal information related to the screening will be treated properly based on the Personal Information Protection Law and Nagoya Institute of Technology's provision. However, in the screening process, personal information would be inquired. Upon agreement and acceptance of the requirements, please apply for this position.

5) For further information, please contact Prof. Atsushi SATO by e-mail.
