

Associate Professor

Graduate School of Engineering, Nagoya Institute of Technology, JAPAN

1. Position

One Associate Professor

2. Duties

1) Teaching Linear algebra and Calculus in the course of general educations, Mathematical subjects for engineering in the course of Computer Science, and Advanced Lectures in the Faculty of Mathematics and Mathematical Science Program, Graduate School of Engineering.

2) Supervising undergraduate and graduate students' research.

All the faculty members are responsible for general education classes. Therefore, please be aware that you may be assigned to these subjects.

3) Tasks related to the Entrance examinations and the mathematics group.

3. Qualifications

1) Young people with a doctorate degree.

2) Experience of teaching at a university or junior college.

3) Enthusiasm for teaching and researching in engineering education, especially in the field of mathematics and mathematical science.

4) An adequate command of Japanese to manage daily university works. It is preferable that application documents are written in Japanese.

4. Salary and Benefits will be determined according to the university regulations.

Annual salary system will be applied.

5. Starting date: April 1, 2026

6. Application materials

1) A cover letter

2) A full statement of Curriculum vitae including e-mail address

3) Contact information of two references

4) Complete list of academic achievements with concise description for each

5) Research statement (approx. one A4-size page, in Japanese)

6) An essay outlining your philosophy of teaching in the section of general educations, and of mathematical science for undergraduate students (approx. two A4-size pages, in Japanese).

7) Copies of at most five major publications

7. Application Deadline: No later than September 22, 2025

8. Send the application materials via JREC-IN Portal Web System:

JREC-IN: Z125072369

<https://jrecin.jst.go.jp/seek/SeekJorDetail?id=Z125072369&In=0>

Notes

1) Application materials (except the research statement and the essay) in English or in Japanese are acceptable.

2) Submission via the JREC-IN Portal Web system

Please combine application materials 1) through 6) into a single PDF file, and compress this file along with all PDF files of 7) into a single ZIP file. Applications will be accepted via the JREC-IN Portal Web system. We do not accept applications via mail or e-mail.

3) NITech promotes diversity, including gender equality, in its effort to enhance the university environment for education, research and employment. In the faculty recruitment selection, if the overall performance (research achievements, education performance, social contribution, etc.) and personal evaluation are recognized as equivalent to those of other candidates, we actively seek to hire diverse candidates regardless of gender or nationality.

4) The personal information related to the screening will be treated properly based on the Personal Information Protection Law and Nagoya Institute of Technology's provision. However, in the screening process, personal information would be inquired. Upon agreement and acceptance of the requirements, please apply for this position.

5) For further information, please contact Prof. Masakazu YAMAGISHI by e-mail.
